- Mounting, balancing and installation of tires are all covered.
- Winter tires purchased at your Ride Green Certified® Dealer are also protected under Tire-Gard Road Hazard Warranty.

Refer to contract details for coverage limits.

Frequently Asked Questions

If I make a Ride Green Certified® claim or use its services, will my insurance premiums go up?

A No. Ride Green Certified® is a preventative maintenance and protection program, not an insurance, so using it won't impact your premiums.

I am planning to purchase a pre-owned vehicle; can I get Ride Green Certified®?

A Yes! Ride Green Certified® is available for both new and pre-owned vehicles. Whether you're buying new or new-to-you, you can start benefiting from better tire life and improved fuel efficiency right away.

I lease my vehicle, how does Ride Green Certified® benefit me?

A If you're leasing, Ride Green Certified® helps reduce wear-and-tear costs. Nitrogen-inflated tires last longer—on average 25%—which can mean fewer charges at lease return.

What does Ride Green Certified® include?

A It's a two in one program combining Nitrogen filled tires and a Tire repair program, you get nitrogen gas in your tires to help maintain pressure, improve fuel efficiency, and reduce emissions. Secondly, Ride-Green will repair or replace the tire if a road hazard causes a loss of Nitrogen.

Do I have to pay a deductible when using Ride Green Certified®?

A No, there's no deductible or fee when you take advantage of Ride Green Certified® services. For example, you can get your tires topped up with nitrogen at no cost under the program.

Can I transfer my Ride Green Certified® coverage if I sell my vehicle?

A Yes, your Ride Green Certified® coverage can be transferred to the new owner. It's a great value-add that gives buyers continued protection and can help make your vehicle stand out.
