Frequently Asked Questions

If I make an i-Select Plus™ claim, will my insurance premiums go up?

A No! When covered by i-Select Plus™, mechanical breakdowns aren't handled by your auto insurer, so using this coverage has no effect on your insurance rates.

I am planning to purchase a pre-owned vehicle; can I get i-Select Plus™ coverage?

A Yes. i-Select Plus™ is available for both new and pre-owned vehicles. If there's still factory warranty left, coverage starts when that ends. If it's already expired, your protection begins right away.

Is there a deductible for i-Select Plus™ claims?

A Yes, but you're in control. You can choose the deductible that works best for you, from \$0 to \$500, with several choices in between. You can even select a "disappearing deductible" option that will be waived if the repairs are completed at the Selling Dealer.

What does i-Select Plus™ cover?

A It protects against unexpected mechanical and electrical breakdowns. You pick the coverage level that fits your needs.

- Powertrain Coverage: safeguards the essential engine, transmission, and drive components.
- Enhanced Coverage: adds many additional important parts on top of the powertrain.
- Ultimate Coverage: covers nearly all components on your vehicle, except for a few exclusions.

What extra benefits do I get with i-Select Plus™?

A Beyond repair coverage, i-Select Plus™ also offers rental car coverage during repairs, 24/7 roadside assistance, lockout support, and even trip interruption benefits that cover hotel and meals if you break down far from home.

Can I transfer my i-Select Plus™ coverage if I sell my vehicle?

A Yes! i-Select Plus™ is transferable to the next owner, which can make your vehicle more appealing to buyers. A small admin fee may apply, but the added peace of mind is always worth it.
